GREENSMES

Enhancing SMEs' modernization and green innovation and transition towards successful sustainability by transnational collaborative practices and tools

This project is supported by the Interreg IPA ADRION programme under the Interreg Funds (European Regional Development Fund and IPA III)

GREENSMES project addresses challenges faced by small & medium-sized enterprises (SMEs) and business support organizations (BSOs) in boosting innovation skills. It contributes to sustainable development by testing new models for green competitiveness and transformation to deliver greener products and services.
